

Hillrom™

## AIRWAY CLEARANCE THERAPIES ADVANCING CONNECTED CARE™

## HARNESS THE POWER OF CONNECTION

At Hillrom, we've always believed that when patients and their healthcare teams are closely connected, the result is better care.

That's why we're leveraging technology and extensive experience working with patients and clinicians to make those vital connections more accessible, powerful and actionable than ever before.

With the groundbreaking Hillrom™ Connex® App and Health Portal, paired with connectivity-enabled airway clearance therapies, we're leading the way in Advancing Connected Care™

### CONNECTED FOR BETTER CARE

When you clearly see day-to-day therapy results, you and your patients can make better decisions together, enabling better teamwork and more individualized therapy. That's the idea behind Connex connectivity. Linking trusted Hillrom airway clearance therapies to the new Connex® App and Health Portal, it keeps you informed, while patients stay engaged and on track.

### CONNECTED CARE FOR AIRWAY CLEARANCE

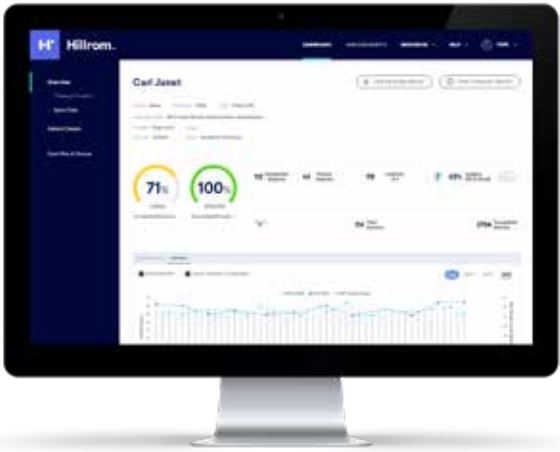

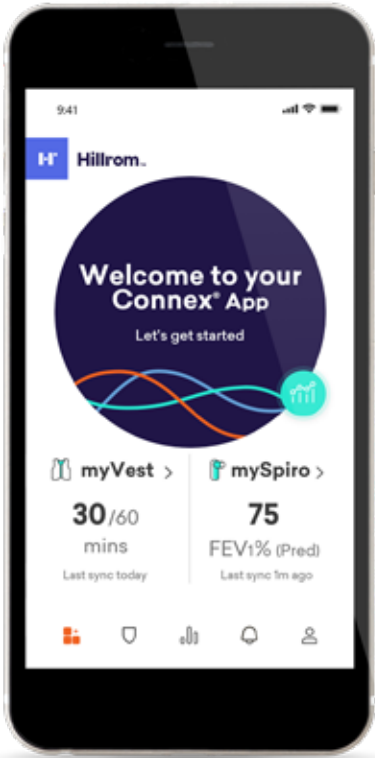

- Connex App
- Connex Health Portal
- The Vest® Airway Clearance System
- Monarch® Airway Clearance System
- Smart One® Spirometer
- More respiratory therapies to come

# INTRODUCING THE CONNEX® APP

## CONNECTION PATIENTS FEEL GOOD ABOUT

The Connex App is a holistic health management tool that does much more for patients than simply record their daily therapy. A convenient one-stop wellness destination for patients with The Vest® Airway Clearance System, Monarch® Airway Clearance System or both, it helps with everything from keeping track of medications and Pulmonary Function Tests (PFTs), to nutrition, exercise and more—rewarding healthy behaviors and empowering them to feel their best.

## OVER 10,000 PATIENTS STRONG

The Connex® Health Portal (formerly VisiView® Health Portal) is already being used in more than 1,000 clinics to improve care for thousands of patients. Designed for fast, intuitive navigation, the portal makes it easy for you to track your patients' therapy data, so you can monitor their progress and tailor therapy to their needs.

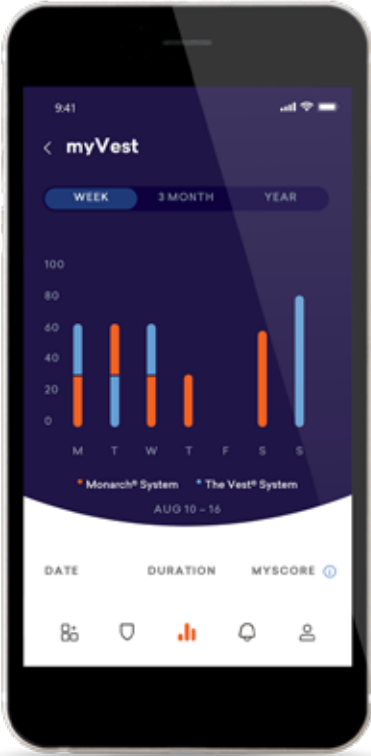

- Quick access to detailed patient vest therapy usage and at-home spirometry information
- Ability to flag at-risk patients who may benefit from closer monitoring
- Efficient reporting options, including simple and detailed reports, as well as batch reporting

You can access the Hillrom Connex Health Portal by visiting <http://hillrom.com/connex/respiratory>.

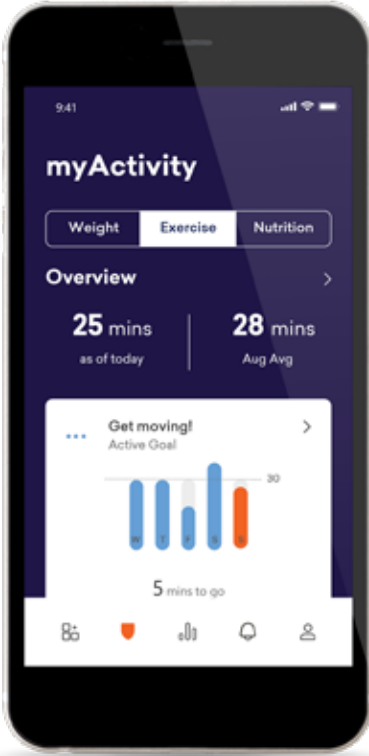

The new Smart One® spirometer allows patients to track their lung health over time, along with their vest therapy data, in the Connex App. It is available for purchase through Hillrom with no medical prescription required.

Smart One spirometer is intended for home use by patients to monitor PEF (Peak Expiratory Flow) and FEV1 (Forced Expiratory Volume in one second). The device is designed for children greater than five years of age, adolescent and adult subjects.

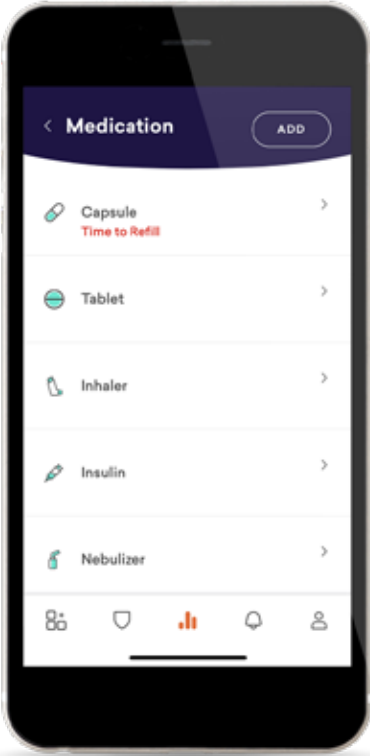

### VEST:

Connects with The Vest® Airway Clearance System or Monarch Airway Clearance System to accurately sync data

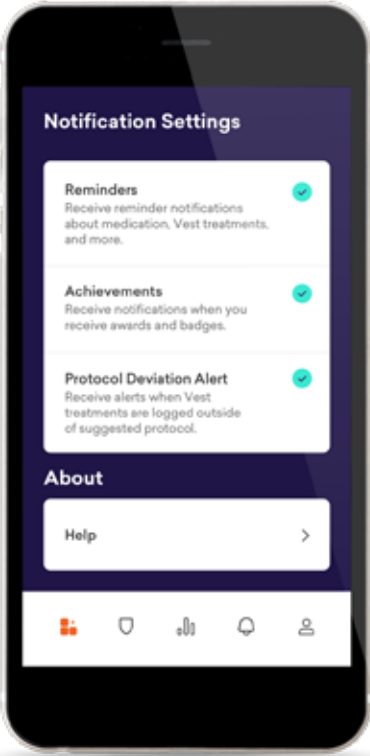

### ACTIVITY:

Set personalized goals and keep track of progress

### MEDICATIONS:

At-a-glance management of daily medications and refills

### REMINDERS:

Set reminders for therapies, medications and more

# LEADERSHIP AND INNOVATION IN AIRWAY CLEARANCE THERAPIES

## THE VEST® AIRWAY CLEARANCE SYSTEM

Widely recognized as the gold standard in High Frequency Chest Wall Oscillation (HFCWO) therapy, The Vest® Airway Clearance System has been prescribed by more physicians than any other HFCWO device.

- Pioneered airway clearance connectivity with the VisiView® Health Portal in 2016\*
- Trusted by patients and clinicians, in home care and acute settings

\* Current VisiView-connected patients now have access to the new Connex® App

## MONARCH® AIRWAY CLEARANCE SYSTEM

Powered by proprietary Pulmonary Oscillating Discs (PODs) technology, the Monarch Airway Clearance System gives patients a new level of freedom and control.

- Generates kinetic energy and airflow to thin and mobilize secretions
- Lightweight and battery operated
- Allows patients to move freely during therapy and take more control of their lives

## INDUSTRY-LEADING SUPPORT

Hillrom is known for outstanding service. That support makes a huge difference in helping you and your patients get the most from our connected care devices.

### STARTUP AND FOLLOW-UP SUPPORT

We help patients connect their devices to the Connex® App, and follow up 30 days later to make sure therapy is going smoothly.

### HEALTH PORTAL SUPPORT

Our representatives are always there for you to answer questions, and provide whatever support you need, such as generating reports from the Connex® Health Portal.

### REIMBURSEMENT SUPPORT SERVICES

We work directly with insurance providers so patients can have the therapy they need.

### TRAINING

In-home training provided by a nationwide network of Hillrom trainers, enables caregivers and patients to get the most from their therapy.

### 24/7 CUSTOMER SERVICE AND PRODUCT SUPPORT

We're available around the clock, for peace of mind and better therapy outcomes.

### EDUCATION

We offer robust training programs for healthcare providers, as well as opportunities for respiratory schools, educators and students.

**Hillrom™**

## ABOUT HILLROM

Hillrom is a global medical technology leader whose 10,000 employees have a single purpose: enhancing outcomes for patients and their caregivers by advancing connected care. Around the world, our innovations touch over 7 million patients each day. They help enable earlier diagnosis and treatment, optimize surgical efficiency and accelerate patient recovery while simplifying clinical communication and shifting care closer to home. We make these outcomes possible through connected smart beds, patient lifts, patient assessment and monitoring technologies, caregiver collaboration tools, respiratory care devices, advanced operating room equipment and more, delivering actionable, real-time insights at the point of care. **Learn more at [hillrom.com](https://hillrom.com).**

**For more information about products or services, please contact your Hillrom sales representative or Hillrom customer service at 1-800-426-4224.**
